DOGHOUSE DIARIES

# Openday 2013

HI All !

WOW What a fantastic day for flying and of flying.

The remarks and expressions on the public's faces were great to hear and see. It seemed as if people were prepared to all stay and watch for a remarkably long time. I think it was all the different type and sizes of the models that impressed them.

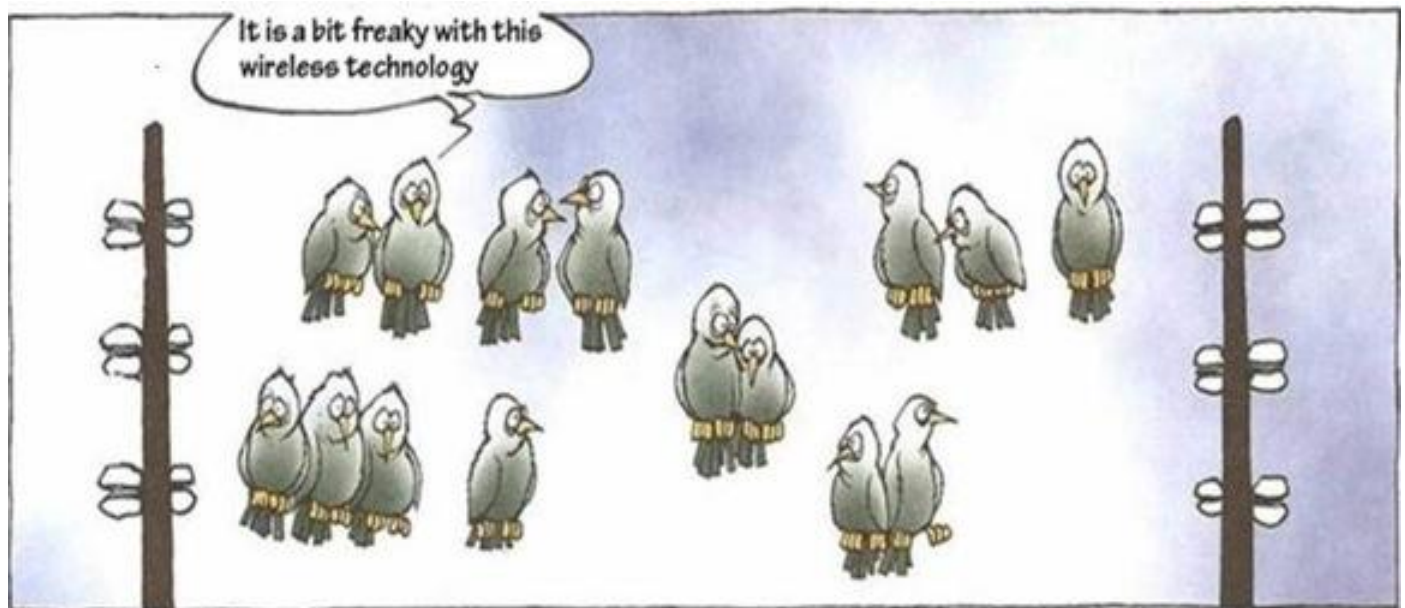

Letters of thanks are being sent to all our sponsors and fliers from other clubs for their contribution to the success of the day.

To all those members and their families and friends who attended and helped in so many ways please accept this as a personal thank you for all your hard work on the day and leading up to it, as without all your help our day would have been a lot harder to handle. So pat yourselves on the back and I hope to see you all back with us at our 2014 Openday.

Regards

*Ngairé Ladd*

Social Secretary and Weather Witch.

# Shoe Size

Your Shoe Size Can Tell Your Age  
Try this and see

- 1= Take your shoe size
- 2= Multiply it by 5
- 2= Add 50
- 4= Multiply by 20
- 5= Add 1013
- 6= Subtract the year you were born

The first digit(s) tell your shoe size  
The last digits tell your age.

PROVE ME WRONG IF YOU CAN

Here's how it works... (Warning - maths ahead!)

Let  $s$  be your shoe size and  $y$  be the year you were born, then the above can be written as:

$$20(5s + 50) + 1013 - y$$

This can be simplified to:

$$\begin{aligned} 100s + 1000 + 1013 - y \\ 100s + (2013 - y) \end{aligned}$$

Where  $(2013 - y)$  is your age 'a':

$$100s + a$$

So say you have a shoe size 11, and were born in 1950, then the result would be 1163.

Note that this 'trick' only works for the year 2013, and assumes you were born after 1913

Ed'

# Club Calendar

Date	Day	Event	Where/When
21 April 2013	Sun	Mercer Cup	Wainui Pony Club
6 May 2013	Mon	Club Night (AGM)	Whangaparaoa Guide Hall 7-30 Pm
3 June 2013	Mon	Club Night	Whangaparaoa Guide Hall 7-30 Pm
23 June 2013	Sun	Christmas Lunch	To be advised 12 Noon

**Please Note:** The pony club has first right on the field, so if there are horses on the field then we do not fly. If there is no horses, then we can fly even if there is an event scheduled
